

## Sienna Diamond Floor Pad Plus For Cleaning and Conditioning of Stone Floors

Technical data sheet

TD140

**TD140. Date: 22<sup>nd</sup> December 2011**  
**Supersedes: August 2011**  
**Author : FG**

### Description:

The Scotch-Brite™ Sienna Diamond Floor Pad Plus is a premium quality floor maintenance pad, made of high quality synthetic fibre, in an open textured non-woven construction. Abrasive particles, including high quality synthetic diamonds, are bonded with a durable adhesive to the non woven structure. Each floor pad has a pre-cut centre hole.

### Special Features:

- Active side is the **sienna coloured dark side** which includes synthetic diamonds to prepare for shining floors with the Scotch-Brite™ Purple Diamond Floor Pad Plus.
- Coarse fibre for cleaning and enhancing the surface conditioning action on the floor.
- Open and flexible web to collect soil for floors and to allow an easy washing after use
- Durable pad.

Buff		

XX Designed for X suitable

*This floor pad should be used to prepare the floor before using*

### Scotch-Brite™ Purple Diamond Floor Pad Plus when the floor is in bad initial conditions.

The Scotch-Brite™ Sienna Plus floor pad cleans and conditions the floor in routine wet cleaning with autoscrubbing machines, or low speed rotary floor machine in combination with any detergent cleaner or water.

### Directions for Use with Auto-scrubbing machines (large areas maintenance) on stone floors:

1. Install under the machine pad holder, **sienna coloured side against floor.**
2. Wet scrub the area for 7 days or 7 passes.
3. Remove pad and wash it after use.

### Directions for Use for Single Rotary floor machines (medium & small areas) on stone floors:

1. Install under the machine pad holder, **sienna coloured side against floor.**
2. Dust mop or sweep the area.
3. Wet scrub the area for 8 passes.
4. Pick up dirty solution with vacuum cleaner

### Maintenance of pad:

1. Remove pad from machine after each use
2. Scrub with a soft nylon brush under tap water or spray hose both sides or machine wash at 40°C max.
3. Hang up for drying.

Note: machine washed floor pads may shrink about 20 mm after first washing cycle.

### Performance Advantages:

Condition the floor by reducing the roughness of floors, in one step. Durability: typically 10 000 sqm under autoscrubbing machines, when properly maintained.

### Disposal Information:

Discard into appropriate container, for incineration, if available. Packagin : recyclable.

### Product Specifications:

Scotch-Brite™ Sienna Floor Pad Plus consists is not significantly affected by water, detergents and cleaners normally used for floor maintenance.
